RE: Recommendation for Arizona Construction Clean Co.

Mr. Contreras,

I am writing to recommend Arizona Construction Clean as a quality cleaning subcontractor for construction. Summit dck LLC used Arizona Construction Clean to perform cleaning for the Cadence student housing project (345 & 350 East Congress Tucson, Arizona 85701). This project included (2) two midrise buildings and is located in the heart of downtown Tucson. This project was very fast track and finished down to the wire. Summit dck depended on Arizona Construction Clean to perform quality work in a short amount of time. Their crews were very professional and courteous. I was impressed with the expertise and resources Arizona Construction Clean brought to the table. Arizona Construction Clean even helped other subcontractor finish. I would highly recommend Arizona Construction Clean for other projects.

Sincerely,

James Palmer
