RE: Arizona Construction Cleaning

To Whom This May Concern:

I am writing in support of Javier Contreras and his company, Arizona Construction Cleaning Co. I have used Javier's services on several projects over the past year, and I have always been pleased with his responsiveness and the quality of the workmanship provided. His crews show up on time, dressed professionally and ready to work. Whether it be an overnight blitz prior to opening a new retail store or final clean of student dormitories for the school year move-in, Arizona Construction Cleaning Co. has always performed to my expectation while providing services at a very competitive price.

I would highly recommend Javier and Arizona Construction Cleaning Co. for any cleaning project.

Sincerely,

WE O'Neil Constr Company, Inc.
